Woolton Plus™ 295	100% Polyester with Microporous Film and FR Laminate	Contract & Heavy Domestic Upholstery	Approx 465g/m² +/-5%	Approx 138cms (54.3")	50,000+ Martindale Rubs	Grade 5	Wet >4 Dry>4	20m	•	•	•	•	•	•

PRODUCT PROPERTIES

BEAUTIFUL, DURABLE & BREATHABLE

- Anti-Microbial Protection** - Permanently inhibits the broadest spectrum of microbes (even C diff spore) and prevents nasty odours.
- Stain Resistant** - A C6 fluorocarbon technology combining effectiveness with environmental consideration.
- Fabric** - Comfortable but durable to suit the most extreme environments.
- Waterproof film** - Hydrostatic head test exceeds standard requirement of 1 metre.
- Flame Retardant** - To cigarette, match, crib 5 and virtually all international standards.

RECOMMENDED CLEANING

Woolton Plus™

- ✓ Remove body fluids and extreme soiling immediately (within 15 minutes) with cold water then apply approved infection control protocol: Haz Tabs, Chlor Clean or Shield Plus etc. As the concentration of bleach can vary greatly among proprietary brands we recommend these be avoided. Remove product residues and then dry with a clean absorbent cloth.
- ✓ Vacuum or wipe clean routinely with a microfibre cloth lightly dampened with cold water only.
- ✓ Soak up spillages as soon as possible with an absorbent dry cloth to prevent staining.
- ✗ Do not steam clean as heat seals in stains.
- ✗ Do not tumble dry.
- ✗ Do not dry clean.
- ✗ Do not fully immerse in water.
- ✗ Do not apply solvents, alcohol or any other chemical cleaners

CONTINUITY

Although every effort is made to ensure that fabrics ordered match the colours in this pattern card, slight variations may occur from batch to batch

*All printed patterns featured in this card are printed on Woolton Plus, a waterproof base cloth.

Please note Panaz reserve the right to update product specification at their discretion.
